Chuck,

On behalf of our men's bowling program at Central Missouri State University, I would like to thank you for your support of college bowling. It is refreshing to see a solid organization recognize the value of college bowling among the entire bowling community.

As a former collegiate bowler, college graduate, and now coach, I have seen first hand how a college student can be irresponsible with their finances. Today's student is an easy target for credit card companies. Today's campus buildings are filled with offers to fill out a card application, sometimes with no income needed. Your organization is providing an educational service that is valuable to their future and one that I wish was around when I was in college.

We look forward to your continued support and partnership with College Bowling USA.

Sincerely,

Travis Goodsell
Head Coach
Men's Intercollegiate Bowling
